

# Atlanta Attachment

# Model 1380 PY6

## Specially Designed Work Aid, Programmable Sequence, Direct LCD Touch Screen Programmable, Stand Alone Patented Serial Bus Controller

- Stand alone, attachable to any sewing unit with electronic motor
- Expandable number of work bins (6 standard)
- Optical bin sequence
- No start switch if part not pulled from correct bin protected by light barrier
- Matches j-clip/duon to proper seam segment

### Benefits:

- Ensured quality of end product
- Reduced costs due to missing j-clips
- Maintains proper sequence of parts

Sensor ensures proper choice has been made.

Sequence indicator light.
