Sudden Service

Atlanta Attachment Company

Atlanta Attachment Company has come of age with the distribution of this, our 25th anniversary catalog. It has been an overwhelming experience to see our company grow from a garage shop in 1969, to the present 80,000+ square foot, state-of-the-art manufacturing facility with over 175 employees.

We owe our success and the growth of Atlanta Attachment Company to you, our customers, our many friends in the supply industry, and our valued and loyal employees.

With this thought in mind, we rededicate ourselves to continuing the development and manufacture of the highest quality automated workstations, folders, attachments and labor saving devices available to the sewn products industry.

We are committed to maintaining and improving our policy of "Sudden Service", so our customers may also prosper in this competitive global market.

We invite you to review this catalog and use it for reference. Please call or fax for immediate response to all your production needs.

"SUDDEN SERVICE"® has been our motto for 25 years and is more important than ever. We invite you to look over the enclosed literature and contact us for additional information.

Elmer C. Price

CHAIRMAN & CEO

Mr. "SUDDEN SERVICE"

"NO ONE EVER ACHIEVES SUCCESS WITHOUT THE HELP OF OTHERS"

With this thought in mind we gratefully dedicate this booklet to you, our customer, our many friends in the supply industry, and our valued employees.

There are many ways one can express thanks or gratitude, verbal, written, gifts, etc. As we were in the process of preparing this, our largest catalog ever, many of our partners came to mind. How can we say thanks and what can we do to express our gratitude?

After much discussion, it was a unanimous decision. We feel the best way to say a special thanks is to rededicate ourselves to the original commitment, a commitment to giving you quality, state-of-the-art products, and support with our unequalled "SUDDEN SERVICE."

Yes, to us at Atlanta Attachment, it is more than words, it is more than a logo, it is the fundamental belief of our company.

Atlanta Attachment has recently taken the steps to meet your needs in Mexico, the Caribbean, Central and South America. Our international division is now fully operational in our Miami facility—ready, willing and able to move forward with you into these markets. The international division has shown record-breaking growth over the last year, and we look forward to sharing with you the same partnerships in these new markets.

In closing, many thanks to you for these many years, and we, indeed, thank you for the promise of an exciting future together.

Jefferdell Piper
